

ANTI STAT

DESCRIPTION

This product is a concentrated liquid that eliminates the shock of static electricity on carpet or fabrics. May be diluted as much as 1 part product to 3 parts hot water. This product contains soil resisters and optical brighteners to help repel soil and stains. This product is quick drying and leaves the carpet soft and static free.

INSTRUCTIONS

Shake well before using. Mix 1 part product with 3 parts warm water. Pour into pump type sprayer or electric atomizer and apply as a fine mist. One gallon covers approximately 400-800 square feet.

This product is a cationic based static reducing agent which coats the carpet fibers to prevent static buildup and reduces the chance of shocks while touching metal or other people. Very helpful in computer rooms, video arcades, jewelry stores, offices, restaurants, etc.

FEATURES

- Economical
- Highly concentrated — can dilute 1 to 3
- Pleasant odor
- Removes static electricity instantly
- Biodegradable

SPECIFICATIONS

Appearance:	Clear - Blue Liquid	pH:	Neutral
