

BOOSTER POWDER

DESCRIPTION

A pleasant odorless organic booster powder which is designed to be effective in hot or warm water. This heavily built detergent is formulated only for use as a booster additive where the toughest, most troublesome problems exist and is not recommended for fine or delicate fabrics. Booster Powder is 100% biodegradable, fast acting cleaning agents and is effective on natural and synthetic fibers. Highly concentrated for use in hotels, motels, schools, homes, hospitals and nursing homes.

INSTRUCTIONS

Always follow carpet manufacturers general cleaning instructions to retain quality of carpet. Cleaning is provided through the use of modified detergents rather than strong alkaline booster compounds. For general cleaning usage (portable machines) use approximately 1-2 ounces per gallon. For truck mounted equipment or heavier soiled carpets use 4 ounces per load.

FEATURES

- Modern, controlled suds, formula
- Is designed to act quickly to break down stubborn dirt, grease and oils
- Provides a thorough cleaning combination
- Prevents redeposition of particulates
- Rinses freely and completely.
