1 Shot

DESCRIPTION

1 Shot is a powerful blend of ingredients that cut through dirt and soil to clean and brighten dingy grout in one easy step. Since it is non-acid and non-etching, 1 Shot is safe for all natural stones including limestone, marble, travertine, granite and slate as well as ceramic, porcelain and quarry tile.

MIXING INSTRUCTIONS

Dissolve 2 scoops of product per gallon of hot water. Use the hottest water possible. Add the product to the hot water right at the area to be treated and apply immediately. If using a 5 gallon mixing pail don't add more than 3 gallons of water to allow room for product to bubble and foam.

DIRECTIONS

Spread solution over the surface, wait 5 minutes then agitate with a hand or mechanical brush. Rinse with plain water, wet-vac to recover dirty solution.

FEATURES

- Non-acid
- Non-etching
- Fast action
- Safe on all natural stone

SPECIFICATIONS

Appearance:	Pale yellow powder	pH:	11
Odor:	Light		

SAFETY

Keep out of the reach of children! Product may be harmful if swallowed. Contact physician immediately. For skin or eye contact, flush area with clear water for 15 minutes. For eye contact, consult physician immediately. Consult Material Safety Data Sheet for further information.
