

HCR-103

Neutral pH Extraction, Bonnet, and Spotter

Carpet Care

Description

HCR-103 is a low foaming neutral carpet and upholstery detergent formulated with excellent wetting capabilities for effective and safe use on wool or synthetic fibers. HCR-103 can be used with a carpet extractor, carpet bonnet, as a traffic lane pre-spray or carpet spotter. Its excellent cleaning properties make it ideal for the effective removal of water soluble and greasy/oily soil. This product has a pleasant, fresh fragrance that is released during cleaning and remains after the carpet/upholstery fabric has dried.

Directions for Use

Extraction: Use a solution of 2-3 ounces of HCR-103 per gallon of water

Pre-Spray: Dilute 6-12 ounces of HCR-103 per gallon of water depending on soil levels. Spray desired area with use solution. Do not allow the area to dry before extracting.

Bonnet: Dilute 6-12 ounces of HCR per gallon of water to create use solution.

Spot/Stain removal: Apply HCR-103 undiluted to stain and allow to dwell briefly, rinse with lukewarm water, and immediately extract with wet vacuum or extraction machine. Repeat if necessary.

Safety Cautions

- Keep out of reach of children
- Prior to using this or any cleaning product, make sure employees read and understand the hazard information found on the product label and Material Safety Data Sheet (MSDS). The label and MSDS will also provide information on handling precautions, protective equipment and first aid instructions which might be appropriate for this product.

Features & Benefits

- Mild, gentle on carpet and upholstery fibers
- Excellent cleaning properties
- Low foaming
- Leaves a residual fresh scent
- Multi-functional, all in one product

Specifications

Appearance:	Light Amber Liquid
Odor:	Fresh
