

HAND DISH POT & PAN

DESCRIPTION

An organic dish detergent which is designed to be equally effective in hot or warm water. This detergent has been formulated for use against the toughest and most troublesome of food problems where powdered product is desired. This highly concentrated formula is biodegradable.

INSTRUCTIONS

For moderately soiled dishes, pots and pans use 1 to 1 ½ tablespoons for each 3 gallons of water. For excessive soil, pre-treat soiled spots by wetting with a solution of 1 tablespoonful in a cup of hot water. In areas of very hard water or with heavily soiled pot and pans, additional detergent may be required. For best results, use hot water.

FEATURES

- Effective dish cleaner
- Highly economical
- Will not irritate skin
- Continual high suds level
- 100% biodegradable
