

PET STAINOFF

DESCRIPTION

This product's organic stain and odor digesters can eliminate the problem of pet stains and the odors associated with them. This product's organic stain and odor digesters are a unique liquid formulation consisting of special strains of mutant bacteria that are capable of digesting and liquefying fat, grease, cellulose, complex proteins, carbohydrates, urine, and fecal matter, at a much faster rate than the conventional type of products.

This liquid bacteria, enzyme forming formula is most active in a pH range of 6 to 8.5. The addition of strong acid or caustic cleaners will kill the enzyme activity. This product's organic stain and odor digesters formulation are most active at warm temperatures and will retain its activity up to a temperature of 130⁰ F.

INSTRUCTIONS

Optimum Conditions - Bacteria in digester perform within a pH range of 6.0 to 9.5 with the optimum pH near 7.5. Increases in temperature will cause increased activity and effectiveness in this product. Diminished activity can be expected below 40⁰ F.

Excellent for use in homes, schools, apartments, public buildings, hospitals, or wherever stains and odors are a problem on carpet and hard surfaces. Effective in removing most stains and odors where stains have occurred. Will digest grease, urine, fecal matter and fat build-ups. This product's organic stain and odor digesters aid in reducing grease problems in restaurants, as well as eliminating offensive odors and stains. This product can safely be poured into grease traps and drains followed by a few ounces of warm water.

FEATURES

- Highly concentrated blend of active and adaptive bacteria
- Organic stain and odor digesters are both aerobic and anaerobic
- Noncorrosive for easy handling
- Each batch contains digestive bacteria
- Safe on plumbing

SPECIFICATIONS

Appearance:	White Turbid Liquid	pH:	5.8 - 10.00
Odor:	Perfumed	Effective pH range:	5.8-10.0
Specific gravity:	1.00	Effective Temp.	45-130 ⁰ F

SAFETY

Keep out of the reach of children! Since this product's organic stain and odor digesters contains no acid or caustic agents, dangers such as chemical burns and hazardous waste are eliminated.
