

## **SANI GLOW**

### **DESCRIPTION**

Cross-Contamination is of major housekeeping concern not only in hospitals, but also in schools, institutions, and industry. This product is formulated for this problem area. It cleans and disinfects effectively and is virucidal when used as directed. Its hard surface disinfecting action will reduce the hazard of cross-contamination from environmental surfaces.

When used as directed, this product will deodorize surfaces in toilet areas, behind and under sinks and counters, garbage cans and garbage storage areas and will inhibit the growth of mold and mildew and their odors when used as directed.

### **INSTRUCTIONS**

**Fungicidal:** This product is effective against Trichophyton mentagrophytes (the athlete's foot fungus) when used on surfaces in areas such as locker rooms, shower and bath areas, exercise areas, dressing rooms, etc.

**Mildewstatic Performance:** At 1/2 ounce per gallon of water, this product will effectively inhibit the growth of mold and mildew and the odors caused by them when applied to hard, nonporous surfaces (as indicated in general instructions above). Allow to dry on surface and repeat when mildew growth returns.

**Virucidal Performance:** At 1 ounce per gallon use-level, this product was evaluated in the presence of 5% serum and found to be effective against the following viruses: Influenza A2, Herpes Simplex Types I and II and Vaccinia on inanimate, hard, nonporous, environmental surfaces.

**Sanitizing - Nonfood Contact Surfaces** (such as floors, walls, tables, etc.). At 1 ounce per gallon use-level, 30-second contact time, this product is an effective sanitizing agent in waters of up to 600 ppm hardness against Staphylococcus aureus and Klebsiella pneumoniae in the presence of 5% serum on porous and nonporous environmental surfaces.

### **FEATURES**

- Guards against cross-contamination
- Cleans and disinfects
- AOAC tested

### **SPECIFICATIONS**

Appearance: Clear Liquid  
Odor: Sweet  
Specific gravity: 1.01

pH 1% Solution: 8.8 - 9.3  
pH Concentrate: 10 - 10.5  
EPA Registration: Yes

### **SAFETY**

Hazard To Humans And Domestic Animals.

Keep Out Of Reach Of Children. Corrosive. Causes eye and skin damage. Do not get in eyes, on skin, or on clothing. Wear goggles or face shield and rubber gloves when handling. Harmful if swallowed. Avoid contamination of food.

Storage and Disposal Do not contaminate water, food or feed by storage disposal. Do not store on side.
