

Speedy

DESCRIPTION

This product has been specifically formulated for the removal of coffee, tea, tobacco, browning stains, rust and leaf stains. Its specialized powdered formulation contains several active stain fighters with complex blends of surfactants and reducing agents that act quickly to break down organic material and dissolve residues away leaving the treated area soft and clean.

INSTRUCTIONS

Add one heaping scoop of Speedy to one quart of water. Stir or shake container until the product is thoroughly dissolved. Moisten stained area completely with solution. After application, stains should begin to fade. Tough and stubborn stains may require a second application.

FEATURES

- Contains Sodium Metabisulfite
- Attacks stains on contact
- Effective on coffee, tea stains and rust
- Dissolves in water immediately
- Waste reduction due to powder form

SPECIFICATIONS
