

## **STAINBLOCKER SPRAY**

### **DESCRIPTION**

This product is a highly durable carpet overspray protector and provides a high level of resistance from water and oily and dry soils. It exhibits an excellent resistance to detergents and can maintain its properties through several extraction cleanings. Our product contains DuPont Zonyl 5180<sup>®</sup>, to create an anti-soiling, anti-staining, protective barrier for use on fabrics, upholstery, and carpet. This product is recommended for use on 5th generation carpeting as an after cleaning treatment.

### **INSTRUCTIONS**

It is first recommended that all carpet manufacturers recommendations be followed. Proper coverage is essential to the performance of fabric protectors, and it is important to follow recommended dilutions and application procedures.

For spraying, it is recommended: 1 part should be mixed with 3 parts water. Each diluted gallon of material should cover 200 - 300 square feet. If any solvents are used on fabric surface, this product and all others, should be reapplied.
