

UltraPine 80/20

DESCRIPTION

This product is a multipurpose pine cleaner and disinfectant.

INSTRUCTIONS

To disinfect, clean & deodorize hard, non-porous surfaces in one operation: Use a mop or brush to apply a solution of ¼ cup disinfectant to one gallon of water for moderately soiled surfaces such as floors, tubs, toilets, sinks, locker rooms, walls, pet quarters and garbage cans, maintaining a thoroughly wet surface for 10 minutes. Mix fresh solution before each use; no rinsing necessary except on rubber or asphalt tile and on food contact surfaces. Heavily soiled surfaces must be pre-cleaned first, followed by a second application using directions above to disinfect. Use full strength for cutting grease, crayon, old wax or other heavy-duty cleaning jobs; rinse immediately.

LAUNDRY: Use full strength on heavily soiled areas such as collars, cuffs and grease stains. Rub in well and use ½ cup in washer along with regular detergent as a cleaning booster and deodorizer.

PRE-SOAKING: To kill odor-causing bacteria, use ¼ cup per gallon of water for diapers, baby clothes and bedding.

DOG BATH: Use 3 tsp. per gallon of water.

STORAGE: Store in a cool, dry place (preferably locked) inaccessible to children and pets and away from heat or open flame.

DISPOSAL: Do not reuse empty container. Wrap and put in trash.

FEATURES

- V Disinfects
- V Heavy Duty Cleaner
- V Safe on surfaces not harmed by water
- V Works well in hard or soft water

SPECIFICATIONS

Appearance: Yellow Liquid
Odor: Pine
Specific gravity: <1.0
pH: 12.0-13.0

Biodegradable: Yes
EPA Approval: Yes
Detergency: Excellent

SAFETY
